VNS Plugin Google Routes API Key Install Instructions

Requires VNS Plugin and Google Routes API Key.

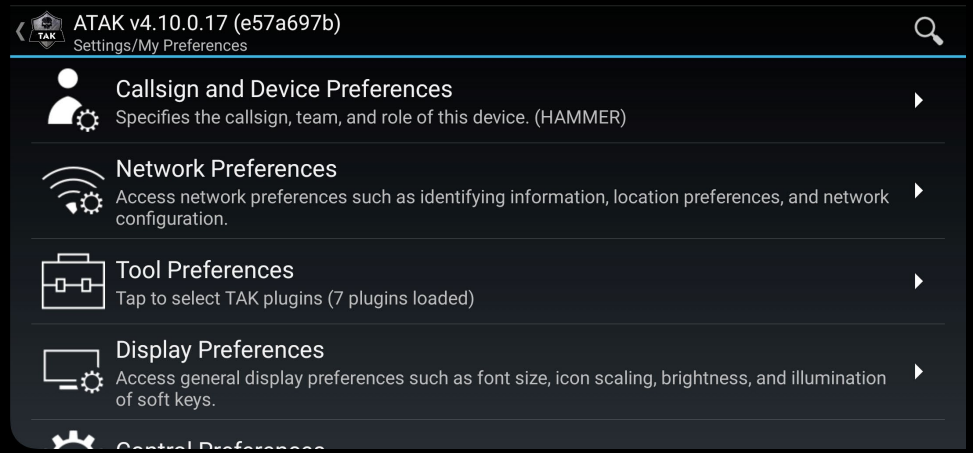

Obtaining a Google Routes API Key

Gmail account and Credit Card information required. Google give $200 credit per month for API Key usage (28,500 map loads per month no charge)

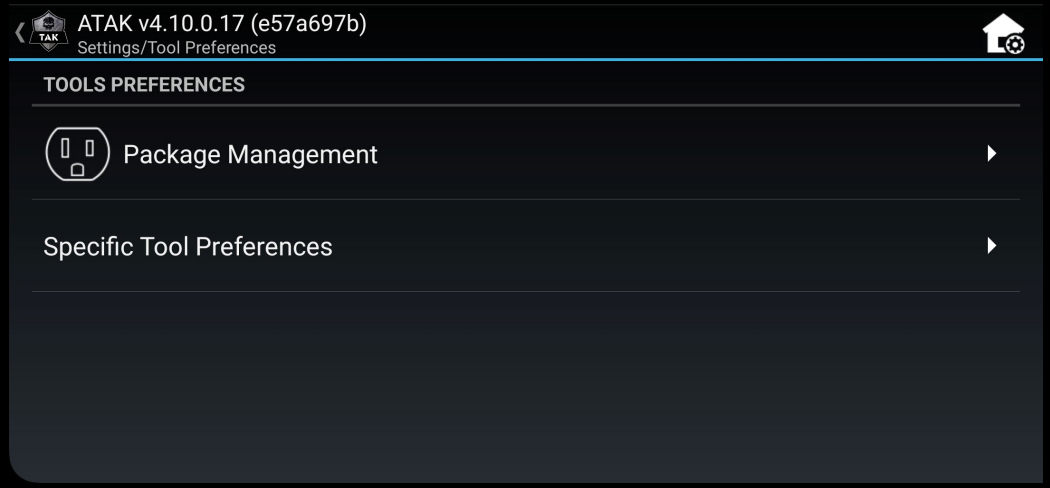

1. Go to the **Google Maps Platform > Credentials** page.
2. Go to the Credentials page
3. On the **Credentials** page, click **Create credentials > API key**.
   The **API key created** dialog displays your newly created API key.
4. Click **Close.**
   The new API key is listed on the **Credentials** page under **API keys**.
   (Remember to restrict the API key before using it in production.)

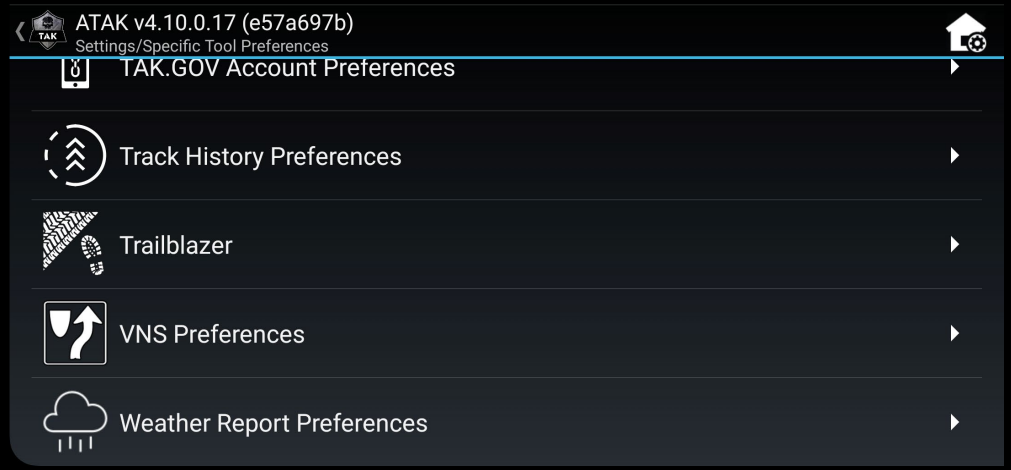

1) Select menu drop down button then settings

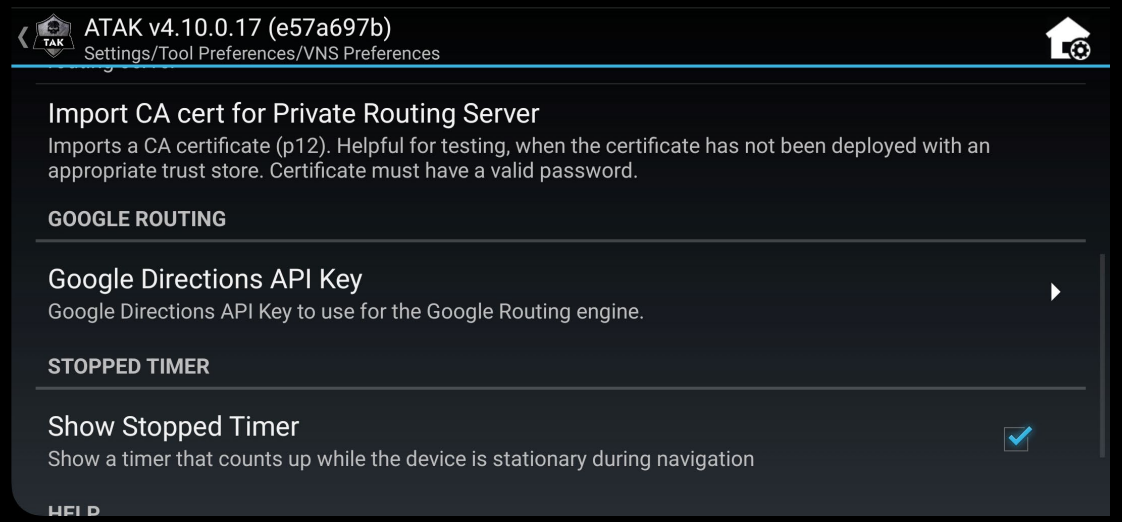

2) Select Tool Preferences

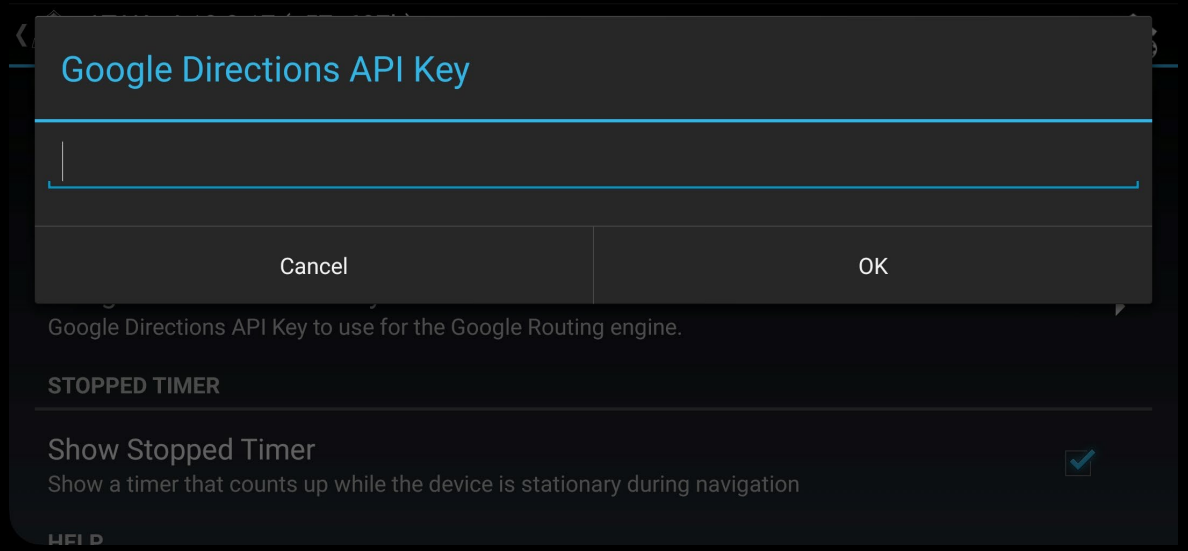

3) Select Specific Tool Preferences

4) Select VNS Preferences

5) Scroll and select Google Directions API Key

6) Paste or enter API Key information, Select OK
(ensure there is no leading or trailing spaces if cut and pasting key)
